# WHO WE ARE?

Established in **1989** in Istanbul's Bakırköy district, Deniz Tekstil has grown into a respected player in the global textile scene. Today, we take pride in our production capabilities, with a yearly capacity of **45,000** units in woven clothing and **330,000** units in knitted clothing.

Deniz Tekstil spans Kayseri for manufacturing, Istanbul for our central office, and Düsseldorf for our showroom—a network reflecting our global reach and commitment to excellence.

# BACK STORY

## ESTABLISHMENT (1989)

Deniz Tekstil was founded in 1989 as a small family workshop in Bakırköy, Istanbul.

## OPENING OF KAYSERİ FACTORY (1996)

In 1996, to accommodate its growth, Deniz Tekstil inaugurated a state-of-the-art factory in Kayseri.

## ANNUAL PRODUCTION CAPACITY OF 2.6 MILLION UNITS (2020)

By 2020, Deniz Tekstil achieved an impressive annual production capacity of 2.6 million units, solidifying its position as an industry leader.

## FIRST EXPORT (1990)

Within a year, in 1990, Deniz Tekstil made its debut in the global market by successfully completing its first export.

## SUSTAINABILITY VISION (2011)

The year 2011 marked a significant milestone for Deniz Tekstil as it embraced a sustainability vision, aligning its practices with environmental responsibility and ethical standards.

## OPENING OF GERMANY OFFICE IN DÜSSELDORF (2023)

Looking ahead to 2023, Deniz Tekstil expanded its global presence by inaugurating an office in Düsseldorf, Germany, emphasizing its commitment to international partnerships.

# VISION & MISSION

## SETTING THE GLOBAL STANDARD

At Deniz Tekstil, we aim to be a global leader in the textile industry, prioritizing creativity, innovation, and sustainability. Committed to environmental responsibility and ethical values, we strive to be the preferred partner for renowned fashion brands, delivering tailored solutions to meet their needs.

## SUSTAINABLE GROWTH AND ETHICAL PRACTICES

We sustainably produce 80,000 units of woven and 240,000 units of knitted clothing monthly, prioritizing social responsibility. As the Deniz Tekstil Family, we provide exceptional services in harmony with humanity and nature, holding successful audits from Sedex, BSCI, Fama, and Inditex as a preferred global partner for fashion brands."

# SUSTAINABILITY

CARBON EMISSIONS EVOLUTION (2000-2025)

## FABRIC

By saving the fabric residues released in production, we transfer them to the fabric recycling points in Uşak. We are emphasizing organic fabric production, we prioritize the use of recycled materials when utilizing polyester and polyamide fabrics.

## ENVIRONMENTALIST ATTITUDE

We Deniz Tekstil takes strides in sustainability by employing eco-friendly dyeing methods. Our commitment not only ensures vibrant products but also actively reduces water pollution, underlining our dedication to a cleaner environment.

## SHIPMENT

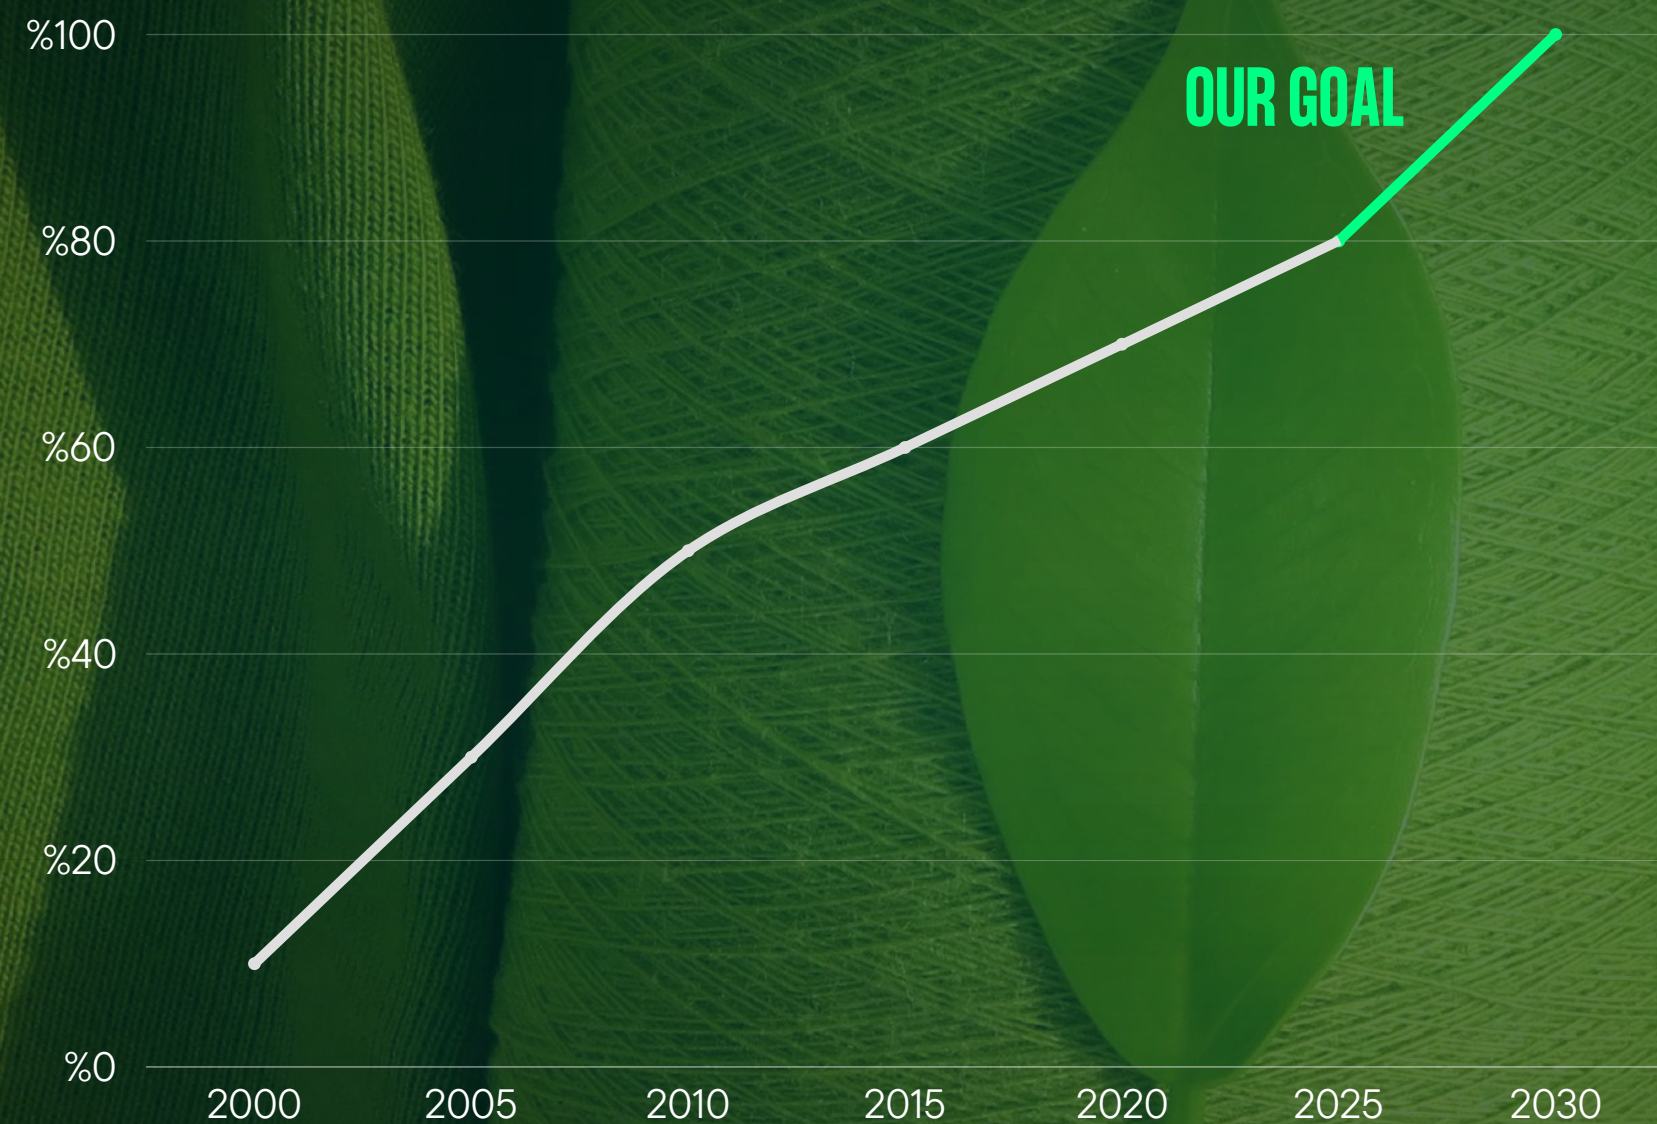

We carefully prepare the orders with using kraft tapes and parcels made from recycled cardboard without using plastic waste.

# SUSTAINABILITY

## RECYCLED PLASTICS (2000-2025)

### RECYCLE

We ensure the recycling of plastic, metal and paper wastes generated in the workplace at the recycling points in the office.

### WASTE MANAGEMENT

We reduce the use of plastic waste with the use of water purifiers and flasks in our office.

### CARBON-FREE

We continuously reduce carbon usage through innovation and we contribute to an environmentally conscious future.
